

## Adopt a Cylinder Sponsorship Form

In 2007 the Dunn Family Collection was donated to the Ward Irish Music Archives (WIMA). In order to properly disseminate all the information in this collection, WIMA will be making a website to focus on the Dunn Family Collection. This includes the 32 rare cylinder recordings from Francis O'Neill.

In order to accomplish these goals we need your help. Please consider adopting a cylinder and you'll receive:

- Copy of the CD of these recordings which will be released in summer 2010
- Your name will be included on website next to cylinder that you sponsored.
- Replica of cylinder container.
- Knowledge of helping WIMA to disseminate these important recordings to all of those interested in Irish music.
